

Job Title: Solution Developer

Location: Camp Hill, PA

Overview

Deloitte is one of the leading professional services organizations in the United States, specializing in audit, tax, consulting, and financial advisory services with clients in more than 20 industries. We provide powerful business solutions to some of the world's most well-known and respected companies, including more than 75 percent of the Fortune 100.

At Deloitte, in addition to challenging and meaningful work, you'll have the chance to give back to your community and make a positive impact on your peers. Our commitment to individual choice lets you customize aspects of your development. Finally, our culture of innovation means your ideas on how to improve our business and your clients' will be heard.

Visit www.deloitte.com/us/careers to learn more about our culture, benefits and opportunities.

Deloitte Consulting LLP is one of the world's leading management consulting firms for executable strategy, operations, technology, and human capital advisory services. The consulting practice is built around integrated core capabilities – people, process and technology and industry expertise – the capabilities needed to help our clients to tackle their most complex challenges.

Solution Developer, Deloitte Consulting LLP

If you're interested in working on mission-critical solutions, then joining Deloitte Consulting as a Solution Developer could be your most rewarding move. The role provides you the opportunity to sharpen your technical, analytical and business skills while working as a part of a team committed to delivering excellent service for clients around the globe. You will learn new skills that are in demand by our clients, gain expertise in Deloitte's methodologies and contribute to increasingly complex duties.

In conjunction with our other delivery centers around the world, we offer development and sustainment services for our clients, both pre and post-implementation. Our continued growth has created the need for application development and management professionals that we will train to provide services in support of our client's systems and business processes. Successful candidates will demonstrate both their ability to work independently and experience making decisions to complete assigned responsibilities from center leadership. We are seeking exceptional candidates who have the commitment to join a world-class client delivery organization that is a part of one of the world's premier consulting firms.

We strive to be recognized as the leading professional services firm by demanding and delivering excellence, and by providing interesting, challenging work and opportunities for personal and professional growth. Come and excel within Deloitte Consulting. Our delivery centers provide complete operations services for application management, custom development, and business process support for clients. Our teams develop post implementation go-live support environments, construct the transition plan from the project team to the support team, and support and maintain the client applications and technology infrastructure.

If you will be graduating this year and are interested in an entry-level position, please contact us. To qualify for our Solution Developer role, you should possess the following:

- Bachelor's degree, preferably in Management Information Systems, Computer Science, Software Engineering, or related IT discipline
- Minimum cumulative GPA of 3.0 or higher
- Strong communication skills, both written and oral
- Excellent teamwork and interpersonal skills
- Ability to handle multiple clients and multiple team members with confidence
- Aptitude for trouble-shooting and problem-solving
- Strong technical skills including understanding of software development principles
- Hands-on programming experience through coursework or internship
- Ability to travel up to 15 percent

- U.S. Citizenship preferred, but not required
- Ability and willingness to acquire U.S. Security Clearance preferred, but not required

Submission Instructions

All interested candidates should send a transcript and resume to McKenna Houston at mchouston@deloitte.com
